March 15th, 2018

Elaine C Pereira is a licensed Occupational Therapist. She graduated with a both her Bachelor's and Master's Degrees from Wayne State University. Additionally, she holds certificates as Certified Dementia Practitioner and Caregiver, CDP. CDC.

Pereira was inspired to share her mother's story in part to help others know they are not alone. "My mother's story was something that needed to be told. She was a patient and talented person all of her life until Alzheimer's took hold leaving an agitated, bewildered and compromised woman in its wake. After a decade of great personal sacrifice and unspeakable losses, Mom started her descent into dementia. I stepped up as she slid down, grateful to give back to the woman who gave so much!"
